

*Last Greeting Message from Janan Jabero on the occasion of Eid*

*Dear all*

*I wish you the happiest future and the best of times.*

*The main thing is that we forget the bad things and remember the good things and we ought to purify our hearts to see the others better, so let's give our heart a good shower and rub it with love and rinse it with joy.*

*Bless you all. Janan  
from good old Baghdad.*
